

## PLAYER COMMITMENT – COVID-19

I acknowledge that playing cricket this summer will be different to normal. It will also be different to what is seen on TV due to the extensive bio-security protocols in place for elite players. Cricket in a pandemic is a privilege, not a right and I will do my part to help ensure that people involved in cricket (players, volunteers, umpires, committees, extended families and the community in general) help to reduce the chances of COVID-19 spreading. These actions will also help ensure that the cricket season can proceed for as long as possible.

I therefore commit to following the latest advice from the Victorian State Government, the local council, my local club, Association and Cricket Victoria.
